National Breast Cancer Awareness Month

October is National Breast Cancer Awareness Month (NBCAM). According to NBCAM's website (http://www.nbcam.org/about_nbcam.cfm), their organization "is comprised of several national public service organizations, professional medical associations, and government agencies working in partnership to build breast cancer awareness, share information and provide access to screening services. Since its beginning more than 20 years ago, NBCAM has been dedicated to increasing awareness of breast cancer issues, especially the importance of early detection. NBCAM has evolved along with the national dialogue on breast cancer. Many strides have been made in breast cancer awareness and treatment, but even more still needs to be accomplished. "

If you're looking for more information about breast cancer, here are some resources we have in the library:

- [*The Breast Cancer Prevention Diet : The Powerful Foods, Supplements, And Drugs That Can Save Your Life* by Robert Arnot.](#)
- [*Breast Cancer : What Every Woman Should Know* by Rita Baron-Faust](#)
