

Playing and Transferring NetLibrary eAudio Books

Before you attempt to play or transfer your eAudio book, please make sure that you have Windows Media Player version 9.0 or above installed on your computer. If you do not, you can go to <http://www.microsoft.com/windows/windowsmedia> to download a newer version.

To play a NetLibrary eAudio book on your computer:

Find the downloaded eAudio book file and double click on it to open it with Windows Media Player. Windows Media Player should open and then obtain the license to allow the eAudio book file to play. When finished obtaining the license, the eAudio book will begin playing.

Transferring an eAudio book may have some slight variations based on what version of Windows Media Player you have on your computer.

To transfer an eAudiobook file using Windows Media Player version 10.0 and 11.0:

1. Find your CD Quality downloaded eAudio book file and double click it to open it with Windows Media Player. Windows Media Player opens and will obtain the license to allow the eAudio book file to play.
2. You may stop playback at this point if you choose. Click the 'Library' tab. The media Library will be displayed.
3. Find your eAudio book in the Library Playlist pane, or sort your list by selecting the 'Now Playing' selection.
4. Drag the eAudio book title from the Contents or Details panes in your library to the List pane to add it to the list of items to be synchronized, ensure that your portable device is connected and click the 'Start Sync' button in the List pane. Windows Media Player will transfer the file to your portable device.
5. When the transfer is complete, the status field will indicate 'Complete'. You may now disconnect your portable device and enjoy your eAudio book. (*Some MP3 players will need to use the Safely Remove Hardware icon (on the taskbar) before removing the USB cable or an error will occur.)

To transfer an eAudio book file using Windows Media Player version 9.0:

1. Find your CD Quality downloaded eAudio book file and double click it to open it with Windows Media Player. Windows Media Player opens and will obtain the license to allow the eAudio book file to play.
2. Select Copy to CD or Device from the media player's menu options. A list of available titles will be displayed in the Items to Copy frame.

3. Select the title you wish to download by clicking on the check box.
4. Select a target device from the Items on Device drop-down menu. Click on the copy button to transfer the title.
5. Windows Media Player will transfer the file to your portable device. When the transfer is complete, disconnect your portable device and enjoy your eAudio book. (*Some MP3 players will need to use the Safely Remove Hardware icon (on the taskbar) before removing the USB cable or an error will occur.)
